SOLCHROMA TECHNOLOGIES

Manufacturing Assistant Intern/Co-Op Position (part time)
Available early 2019

Solchroma Technologies is revolutionizing interactions and aesthetics in our future Smart Cities with our groundbreaking full-color, reflective digital displays. Join Solchroma, help us reimagine our surroundings, and bring color to the world.

A Manufacturing Assistant Intern or Co-op at Solchroma will not only help to build the digital signs themselves, but also help create the manufacturing automation technologies that will produce it.

If you want to build the future look of our Smart Cities in a fast-paced, dynamic startup environment, we want you to join our team as a part-time Manufacturing Assistant Intern or Co-op.

The Job:

- Push the capabilities of reflective digital displays
- Build the most vivid and reliable outdoor display on the market
- Perform tests and experiments on new display structures and manufacturing processes
- Perform quality control on sub-assemblies and finished product
- Assist with prototype assembly of displays, including components and structures, test systems, and operating manufacturing automation processes

You:

- A currently enrolled undergraduate student pursuing a manufacturing or engineering degree, or 4+ years of manufacturing or relevant hands-on experience
- Take pride in craftsmanship and attention to detail
- Diligent and resourceful problem solver who can work productively with light supervision
- Are comfortable actively problem solving in a prototyping/manufacturing environment, and enjoy working with a team to solve problems
- Able to operate certain manufacturing equipment independently
- Quick to adapt and willing to learn new techniques, possibly outside your disciplinary boundary

Bonus Points:

- Veterans are encouraged to apply
- Machining experience
- PLM/document control systems
- Industrial design

We are an equal opportunity employer and value diversity at our company. We do not discriminate on the basis of race, religion, color, national origin, gender, sexual orientation, age, marital status, veteran status, or disability status. Even if you don't check every box, but see yourself contributing, please apply. Help us build an inclusive community that will change the face of our future Smart Cities.
